

My name is Josh Coles, and I'm an Arts student here at UPEI. I graduated from Charlottetown Rural High School in 2008 and took a year off before University to participate in the Katimavik program. I embrace the social aspect of University and like to think that I'm easily approachable.

Throughout this past year, my first at UPEI, I held the position of 1st Year Rep. on the student union. I enjoyed my first year on the UPEISU and wish to continue working on the council. My goal is to ensure that the students of UPEI get the most out of their university experience, and I plan on doing so while holding the position of Arts representative.

With the upcoming loss of two of our current arts representatives and the position opening up to the student body once again, it feels like the most appropriate way to continue on in the UPEISU. Please vote for me

Thank you,

Josh Coles
