

Hello Everyone,

My name is Kyle Murnaghan, and I'm running for the position of the Executive Vice-President in the UPEI Student Union. The position of the Executive Vice-President is the link between students and the day to day operations of the Student Union. This includes everything and anything from the campus coffee shop to fighting for students at academic court. Due to the wide variety of duties that this position holds, it is a difficult one, but it is also a rewarding one. Individuals who hold this office, have the opportunity to make improvements in the lives of students. As your candidate for this position, I plan to do just that.

If elected, I plan to make our strong student government even stronger. In the last several years there has been a lot of controversy surrounding the role of the executive in relation to the students they serve. I feel that there is a reason for this, and it lies in a failure to communicate. I have noticed that students feel out of touch with the Student Union that serves them. To improve this relationship, I plan to ensure that students, including those not elected to council, have a say in every stage of the policy making and implementation on their campus.

As your candidate for Executive Vice-President, I promise to ensure a healthy and respectful relationship between students and their Student Union. For those of you who speak, I promise to listen. For those of you who remain quiet, I will encourage. For all of you, I promise to lead.

Thanks for your time,
Kyle
