The Flags - End of school year

What: years ago the flags that are displayed in the Student Centre were installed, since then they have never been updated. Currently we are missing about 30 flags and this is upsetting for many of our students.

Team: I will be working with UPEI Marketing and Communications

Goal: To have a flag for every country that is represented at UPEI!

Ideas

- Because of the cost and to ensure we get the most beautiful flag possible we will be contacting countries directly through office, embassy, and consulates. This is how the original flags came to UPEI. Any flags we are unable to receive we will purchase at the end of year to complete the project.

Branding - on going

What: I believe there has been a disconnect with students and the SU over the last year or so. Because of this I would like to make the SU brand more relevant to students.

Team: The entire SU

Goal: To increase SU engagement with student and making the organizations more welcome to our membership.
