

VP Student Life Executive Report: September 23rd, 2018

Volunteer Fair: September 12th

- Booth set up, good attendance. We included election packages, Cadre information, GOTV materials and general volunteer information.

Consent Week:

- Good turn out to most events, overall effective. Most popular things being kick off fair, love letter writing and the wall. Lots of conversations were brought up and people were engaged (free food being the overall key).
 - Kickoff: PEIRSAC, CHMA, Jack.Org, PrideUPEI, SU, SA & Health Centre - good presence overall, and CBC coverage
 - Cookies & Consent - people enjoyed this, but note: don't do this day on the first day of the "Tims Smile Cookies"
 - Movie night: Had about 15 people out, everyone enjoyed the film - and a low cost event to do.
 - Splatter Painting: Just a cool activity, fun to do
 - Info session: bad attendance
 - WWYW: some location issues arose, faculty lounge no longer bookable for students which was the reason for so many location changes.
 - FRY-Day: Cool event, people liked it, but don't do it during rush hour at pub, because fries couldn't be made.
- As a first campaign, there were bumps that need to be worked out for future campaigns - however it was a great learning experience, and overall it went well.
- Will make some recommendations for future VPSL, re: week hard to navigate, should be combined with love and sex week. No campaigns in month of September.

Sponsorships:

- Because Back to School Pub BBQ and Hydration station were such a hit, the PEILC has decided to give us donations to run food and drink stations at the rest of the Wet-Dry's for the year.

Committees and Meetings:

- Health and Fitness Week is planned for the end of October. I am working with Angela Marchbank and committee to plan the week, and the SU will be hosting/sponsoring a few events.
- PEP-AH committee is beginning to meet regularly. The topic that has been discussed the most being cannabis regulation. We are hoping to run an educational campaign on cannabis use on campuses

PLANNING:

Beyonce Tribute Night: September 27th

- Planning for this is going well - DJ Hot Dan has done a Beyonce Tribute night before, and will be DJing. Housefront will be setting up some sweet lights and sound.
- This will be the first 19+ of the year, and we are hoping it goes over well.
- Cover will be \$5 to make some income - but overall, costs are low.

Clubs:

- Orientation is happening on Tuesday, and we are hoping to get the majority of new clubs out, as well as clubs that have general questions about starting up or ratifying.
 - We moved this to the end of the month to allow clubs to elect an executive team, rather than having it at the beginning, when many clubs are not organized.
- We will be organizing the first Clubs Cup at the beginning of October. Tessa has a great Photo-Scavenger Hunt planned, and we will begin advertising soon.
- The first information session will be towards the end of the month.

Mental Health Monday: October 1st

- The first one this year will consist of outdoor games, lunch picnic, therapy dogs, and ice cream. Cows has generously donated some ice cream for us.
- Student Affairs will have representatives present.

International Night: October 4th

- Planning has begun, with a group of international students to help me out.
- If anyone is interested in helping, let me know.
- We are hoping to bring in a DJ or do a Karaoke Night - details are still to be worked out. This would be a 19+ event to keep costs down.

Environmental Week: October 9th-13th

- Planning has begun! We have developed a rough schedule, and hope to finalize it soon. Some big things being: Go-Green Fair, a panel discussion, a waste free presentation - tailored to students, and a book/clothing swap.
- We are working closely with the environmental society to plan and execute the week.
