

# Grad Student Representative Report

February 10<sup>th</sup>, 2019

Hi All,

Over the past few months I have been busy working on creating a calendar of events for graduate students (sponsored by the SU grad student event funding) for winter semester. This has been a massive undertaking, in ensuring that there are a variety of types of events such as active events, artistic events, social events, etc. We also have to account for some members wanting events where drinking is allowed, versus some members not wanting to attend events where there will be alcohol. In the end I believe we have put together a well-balanced calendar of events that will help grad students get through a PEI winter (the hardest time to be a grad student at UPEI).

This is a copy of the calendar:
