

## ***Covid-19 Bike Co-op Safety Precaution***

As an organization, we prioritize the safety of all our stakeholders. In light of COVID-19, we have implemented certain procedures as recommended by the Chief Public Health Officer, Dr. Heather Morrison. We ensure that:

- All bikes are sanitized after they are returned to the Student Union Office
- All helmets and locks are sanitized after they are returned to the Student Union Office
- All borrowers are must sign a tracking form prior to borrowing a bike

Students are also encouraged to sanitize their hands upon entrance to the W.A. Murphy building and follow the guided stickers in the Student Union Office to maintain social distancing. If you have any questions or concerns, please contact us at [services@upeisu.ca](mailto:services@upeisu.ca).
