

Dear UPEISU Council Members,

Please accept this letter as a notice of my resignation from the position of VP Academic and External of the UPEI Student Union. I have realized that it is time for me to prioritize my emotional and mental wellbeing and thus taking a step back seems like the right thing to do.

My life has revolved around the UPEISU over the past two years. I have learned so much in my time here and would not trade the experiences and opportunities for anything. The UPEISU has accomplished great things for post-secondary students and from the day I started, all I truly wanted to do was support the UPEI Student Community to the best of my abilities and ensure everyone was being treated fairly.

I am beyond thankful for everything the UPEISU has done for me. I hope my successor continues the projects I have been working on especially advocating for the improvement of the post-secondary education experience for Indigenous students at UPEI and working towards establishing a racialized students' support group on campus. Working at the SU has been a tremendous learning experience. I will be transitioning my successor and will be available to provide all help and support needed in the process. Given how public the former President's resignation was, all I am really requesting is for folks to respect my privacy. Thank you all for your time and consideration and I wish the UPEISU nothing but the best.

Yours sincerely,
Anagha Muralidharan
